Request:

I am writing with a freedom of information request for the following information for the years 2017 - 2018, 2018 - 2019, 2019 - 2020, 2020 - 2021 (so far):

- Annual rate of fly-tipping, i.e. the number of incidents recorded. If available, please could we also have a breakdown of the types of materials and locations of fly-tipping (i.e. urban, rural, etc).
- Annual rates of prosecutions carried out for fly-tipping and, if available, also a breakdown of the types of prosecutions. We are unsure on exactly what information you have available on fly-tipping because we don't know how, exactly, it is recorded by yourselves. Therefore, if what we have asked for above is not available specifically, please could you provide any similar data you might have which will be of help to us?

Local authority Fly Tipping data is available publicly available
at <https://www.gov.uk/government/statistical-data-sets/env24-fly-tipping-incidents-and-actions-taken-in-england>

2020-21 data for fly-tipping is attached below as this hasn't been published at above. Prosecutions/actions taken data is only available as raw data, also attached
