## Request:

My questions are as follows:

- Please can you provide figures for the year(s) 2016, 2017, 2018 outlining the rates of overall recycling by households in your council area?
- Please can you also provide figures for the years 2016, 2017, 2018 outlining how much of the items put out to be recycled ended up being sent to a landfill and/or incinerated instead i.e. plastic
- Please can you confirm how often you run the following services:
  - A. Garden waste collections
  - B. Recyclable waste collections
  - C. Household waste collections
- Finally, can you please confirm of the three above services listed that you offer to households in your area, whether or not any of these are out sourced to private companies. If yes, please specify which.

I am able to receive the attached documents by email if that makes it easier – preferably in an excel or word format.

Submitted on 24/06/19.
