

Reference: FOI3014

Request:

I would like to make an FOI request regarding school admissions to Wellfield Middle School in the school year of 2019/20 for year 5.

We would like to request as to how many pupils were accepted to year 5 during the school year of 2019/20 from within the local authority catchment area, outside of the catchment area and from outside of the local authority and if any of these children have learning difficulties.

I have reviewed the link you shared below and it DOES not provide the answer to my question. How many pupils were admitted to Wellfield Middle School during the aforementioned year. I'm not asking for any other information other than the number.

Response

- 28 children within catchment
- 64 children not within catchment
- 0 children outside of North Tyneside
- Information not held on the exact number with regard to learning difficulties as this covers a broad spectrum – i.e. class support, intervention, support plans, EHCP
- There have been no in-year admissions into Year 5 throughout the 2019-20 academic year
