Request:

During COVID - from March 2020 to now

- How many people who were street homeless were put into temporary accommodation?

There has been a total of 69 individuals placed into TA who were rough sleeping/at imminent risk of rough sleeping that evening. The total number of placements were 80 (11 people represented to be placed into TA again).

- How many of these people went back onto the street?

As mentioned above, we had 11 people represent again at risk of rough sleeping who were then placed again into TA.

- How many of these people are still currently in temp accommodation, including and excluding supported accommodation?

We currently have 4 people in temporary accommodation.

- How many Rough Sleepers were reported?

We've had 13 reports of rough sleepers since March 2020.
