COMPLAINTS SERVICE REPORT

1 APRIL 2019 – 31 MARCH 2020

Introduction

This report provides an overview of the Authority's closed complaints, for the year between 1 April 2019 and 31 March 2020. It covers complaints under the Children Act 1989 and the Local Authority Social Services NHS Complaint Regulations (England) 2009, which are often referred to together as the 'social services' procedures. It also includes other 'corporate complaints' about other services provided by the Authority and Complaints made to the Local Government and Social Care Ombudsman (LGSCO) and Housing Ombudsman (HO). This report has been produced using data from complaints that were closed during 1 April 2019 to 31 March 2020.

The Authority always aims to provide high quality services and customer care at all times. However, it recognises there are occasions when people may wish to register dissatisfaction with those services. When this happens, the Authority wants to hear about people's experiences and, where something has gone wrong, to put it right, so far as is possible and this process in turn drives improvements generated from complaints. Therefore, we have a comprehensive complaints service that covers not only the statutory Social Services arena, but also all other services of the Authority under a Corporate Complaints Procedure.

We also welcome comments, compliments and suggestions to provide a broad, balanced and reflective picture of people's experiences of our services.

Executive Summary

The number of complaints continues to be very low compared to the millions of transactions the Authority has with approximately 204,000 residents and approximately, 6.6 million visitors to the area every year, but the overall number of formal complaints to the Authority has remained very similar to last year when 1070 complaints were registered in comparison to 1069 during 2019-20.

Complaint leaflets are widely available in the Authority's buildings and to download from the Authority's website. It is also now very easy for our customers to contact us online and this is very quickly becoming, the preferred method of communication especially at the end of the year when we saw an abrupt pause to regular complaint processing due to Covid-19.

In keeping with the principle of resolving problems as quickly as possible, the proportion of Corporate Complaints resolved at Stage 1 remains high at 88% in 2019-20 and 88% for Children Social Care Complaints. Adult Social Care complaints have a one stage process and if the complainant remains dissatisfied, they may complain to the Local Government

and Social Care Ombudsman, resulting in all such complaints being resolved at Stage 1 of the statutory complaints procedure.

The Local Government and Social Care Ombudsman undertook 12 detailed investigations during this period and upheld eight. The Authority fully complied with all recommendations made by the Local Government and Social Care Ombudsman.

Procedures

Overview

The Council aims to respond positively to all complaints and other representations so that it can help resolve individual issues and learn from experience how to improve services. We aim to provide comprehensive complaint services, which are widely understood and easily accessible to all. The whole Authority, staff and Members, are committed to effective complaint handling and problem solving as an integral part of customer focussed services and responsive performance management.

There are three separate procedures for Corporate, Children's and Adult Social Care. Wherever possible, before the 'formal' complaint procedures are used, efforts are made at an operational level to resolve any difficulties.

Corporate Complaints

Once the formal procedures are entered into for Corporate Complaints, there are, in essence, three stages:

1. The complaint is referred to a Team Leader or Manager, of the relevant services area, to try to resolve within 15 working days.
2. If not resolved to the customer's satisfaction, they can ask for it to be reviewed by a more senior Manager and this will be done within a further 15 working days; and
3. Ultimately, the Regulation and Review Committee, consisting of up to five Ward Councillors, make the final decision but prior to progression to this stage, the matter is fully considered by the Senior Complaints Officer.

Children Social Care Complaints

In Children Social Care cases, the statutory complaints process is governed by the Local Authority Social Services Complaints (England) Regulations 2006. Stage 1 should be responded to within 10 working days and can be extended to 20 working days; at Stage 2 the response is due within 25 working days and may be extended to 65 working days for complex complaints with the complainant's approval; and Stage 3, the complaint is referred to an Independent Review Panel.

The Authority engage Independent Investigators and Independent Persons for Children Social Care Complaints at Stage 2 as set out in the Regulations. Other independent roles, e.g. members of Independent Complaint Review Panels, are also engaged by the Authority's Complaints Service when required.

Children Social Care staff ensure that all children, of an understanding age, who are new to the care system are in receipt of a complaints leaflet.

Adult Social Care Complaints

The Local Authority Social Services and National Health Service Complaints (England) Regulations 2009 were introduced in April 2009. Under these provisions, the characteristics of individual complaints are assessed and specific plans of how to address the complaint are agreed with the complainant. The approach focuses on the complainant and enables organisations to tailor a flexible response that seeks to resolve the complainant's specific concerns. It is based on the principles of good complaints handling:

1. Getting it right
2. Being customer focused
3. Being open and accountable
4. Acting fairly and proportionately
5. Putting things right
6. Seeking continuous improvement

This statutory procedure has no fixed timescales, other than a maximum period of six months for handling the complaint and is a one stage process, however, locally, the Authority aims to respond within 20 working days.

How to make a complaint

Complaints can be made in a number of ways, e.g.

- By talking to the staff involved, to let them try to sort the problem out
- By writing to or telephoning the Customer and Member Liaison Office:

- By personal visit to any of the Council's Customer First Centres
- By telephoning the Council's Contact Centre on 0345 2000 101

Help and support

The Customer and Member Liaison Office is independent of service departments and offers information, advice and help to complainants and staff responding to complaints. The primary role of the Customer and Member Liaison Office is to ensure all complaints are investigated properly and any lessons learned are adopted.

Independent advocacy is available for people wishing to make Social Services complaints, especially children and vulnerable adults. Other assistance can be arranged to suit individual requirements.

Copies of this report and other material can be made available in other formats or languages on request to the Customer and Member Liaison Office.

Who can make a complaint?

Under the Corporate Complaints Procedures, any user of the Authority's Services can complain. This includes residents and visitors. It also includes relatives and carers acting on someone's behalf, e.g. a person living outside the area representing a relative living in North Tyneside.

In the Social Services arena, people can make a complaint if they are someone for whom the Authority has a power or duty to provide, directly or indirectly, a social service and his/her needs for that service have come to the attention of the Authority. This is extended to cover someone acting on his or her behalf, e.g. a relative or carer.

Limited exclusions do apply:

- when other more appropriate processes already exist, e.g. formal appeal procedures, legal proceedings;
- when the matter occurred more than 12 months before the complaint was made (unless there is good reason for the delay in bringing the matter to the Authority's attention); and
- when the matter has already been properly examined.

It should be noted that where a complaint is made on someone else's behalf, authorisation to act will be obtained from the person the complaint is about.

External review

Local Government and Social Care Ombudsman and Housing Ombudsman

The Local Government and Social Care Ombudsman (LGSCO) and the Housing Ombudsman (HO) look at complaints about Local Authorities in a fair and independent way and their service is provided free of charge. They are independent of all Government Departments and have the same powers as the High Court to obtain information and documents. If they find the Authority has done something wrong, they will make recommendations to put things right.

The Ombudsmen play a vital role for people wishing to make a complaint. It is usual for them to refer a matter to the Authority to examine, if it has not done so previously; they class this type of complaint as "premature".

or write to: **Housing Ombudsman Service**, Exchange Tower, Harbour Exchange Square, London, E14 9GE

Operational liaison with the Local Government and Social Care Ombudsman and the Housing Ombudsman is undertaken by the Senior Complaints Officer.

In the Annual Letter for 2019-20 from the LGSCO they indicated that in total, 50 complaints about North Tyneside Council had been received during the year. The HO does not provide an annual report for each Authority so similar information is not available from the HO in relation to complaints they have received regarding provision of housing and housing services by the Authority.

Of the 50 complaints received, advice was given by the Ombudsmen on one occasion, 16 were referred back to the Authority for local resolution, 20 were closed after initial enquiries, four were not upheld, eight were upheld and three were invalid. The Ombudsmen has emphasised that their statistics reflect the data they hold and may not necessarily align with the data we hold. For example, their numbers include enquiries from people they signpost back to the authority, some of whom may never contact us.

The LGSCO Annual Letter is available on their website and a copy is available from the Senior Complaints Officer.

Set out below are details of the complaints received by the LGSCO in relation to neighbouring authorities. In comparison with previous years, it is apparent that levels of contact with the LGSCO remain constant highlighting that the majority of complainants are satisfied with the way their complaint has been handled by the Authority.

Care Quality Commission

In the Adult Social Care arena, the Care Quality Commission also plays a similar role within its wider remit of regulation of social care. The Commission can be contacted at CQC, Citygate, Gallowgate, Newcastle upon Tyne, NE1 4PA, telephone: 03000 616161 or via an online form on their website www.cqc.org.uk.

OFSTED

For Children Social Care and across Children Young People and Learning, OFSTED plays a similar role to Care Quality Commission. They can be contacted at: OFSTED, Piccadilly Gate, Store Street, Manchester, M1 2WD, telephone: 0300 123 1231 or via email: enquiries@ofsted.gov.uk.

Management and Operation

The management and operation of both the corporate and social services processes is provided by the Customer and Member Liaison Office, which is based within the Law and Governance Department of the Authority. The Customer and Member Liaison Office is also the main point of contact for the Local Government and Social Care Ombudsman and the Housing Ombudsman.

The Office not only managed many individual complaints but also monitored the correct use of the procedures in the various service departments. It did not investigate complaints as service areas were responsible for examining complaints about their own services.

Individual complaints were referred to relevant service managers to examine and respond to the complainant.

The Complaint service is supported by a bespoke Customer Relationship Management system.

Performance Indicators

The Complaints Annual Report is presented to the Authority's full Cabinet meeting. The Report is also presented to the Authority's Regulation and Review Committee to update Members with the number of complaints that have been received the previous year and to advise Members if the recommendations from any Stage Three Corporate complaint hearing have been undertaken.

The Authority carries out an in-house survey of people who have used the complaints process. These show that 81% of respondents said they found it easy to find information about the complaints process; 56% were happy with the time taken to respond to complaints; 50% thought the process was good and 35% were satisfied with the outcome.

There are currently approximately 204,000 residents in North Tyneside. Voluntary diversity monitoring of complainants was introduced several years ago. The following table compares the results of the survey against the Office of National Statistics (ONS) Mid Year Population estimate for 2017 in relation to gender and age, and the latest data in relation to disability, ethnic origin and religion, which is taken from the 2011 Census.

Numbers and analysis of complaints

The number of complaints for 2019-20, together with previous years for comparison, is shown in the tables at the end of this report.

This information is made available for consideration by individual service areas, as part of performance management throughout the year. This helps identify any themes or trends and so informs service improvement initiatives. The Senior Complaints Officer met with various service management teams to discuss any implications arising from themes or trends in complaints.

The total complaints related activity is set out in Table 1.

Corporate complaints resolved at Stage 1 remained high at 88% and 88% of Children Social Care complaints closed during the period were resolved at Stage 1. This reflects the commitment of Managers and Supervisors to resolve complaints at an early stage.

All complaints concluded and closed off on the Complaints Database create a prompt to enter any lessons learned as a result of the complaint. Several changes, generated by complaints, were made to procedures and services during the year. A few examples of such improvements are set out below.

Department	Lessons Learned
Children's Services	Through the complaints process, the Authority determined: there was a benefit to early contact with a complainant and providing swift responses to representations, to avoid them developing into complaints; that a sensitive, thorough and considered response at Stage One is important to ensure the resident feels they have been heard; that it is important to apologise, where appropriate, and acknowledge the impact of making the complaint, even if there has not been any direct fault; and it is important to give parent complainants the opportunity to respond to information in an assessment, and to have their views represented, and amendments considered.
Adult Social Care	Following a change to the payment system, in relation to when Adult Social Care are now required to directly pay rent, new arrangements have been adopted to ensure a regular monthly payment is made, ensuring future payments are made automatically.
Public Health	Following a complaint, a change has been made to the Request for Health Information Consent Form to clearly distinguish between requests for information about children and requests for information about parents and carers.
Housing	Through the complaints process, the Authority established there had been a failure to identify damp in a void property. Consequently, extensive checks will be made when void properties are to be re-let, ensuring necessary repairs are carried out before re-letting.
Commissioning and Investment	Through the complaints process the Authority determined that greater clarity was required in letters relating to the school meal payment system, together with additional information about the internal and external help and support available to parents.
Customer Services	In response to a complaint staff training has been provided, and a system change deployed, to allow operators to record the "Mx" prefix for transgender people, should they wish.
Law and Governance	Following a complaint in relation to how an initial contact had been recorded, refresher training was provided to staff on the impact of failing to log a complaint, and on the accurate and timely recording of complaints.

Developments

North Tyneside Council continues to change rapidly. This change process will continue and remain a challenge for effective complaints handling as service users experience changes

and the organisation evolves internally as a result of changing priorities from central Government and more limited resources being available to the Authority.

There are significant examples of change within the Authority. The Authority currently has partnership arrangements with Engie and Capita to provide a range of services and for the past ten years, housing repairs and maintenance were undertaken by a partnership organisation, Kier North Tyneside. However, in April 2019, this changed, and the housing repairs and maintenance is now undertaken internally by the Housing Property and Construction Group.

The overall focus of attention continues to be very much centred on 'learning' from complaints and this will be a core driver in all future developments by the Authority.

Conclusions

In the Our North Tyneside Plan, the Authority has made a commitment to listen and to work better for residents. As part of this commitment, Cabinet agreed in May 2019, a programme to improve customer service across all its services. This programme has four key elements and one of these, "Better Never Stops", will introduce a clearer focus on a continuous improvement culture across the organisation.

The rapidly changing culture and demands of increased customer satisfaction coupled with organisational changes across public and partner sectors means that complaints services must be continually kept up to date. The Authority's successful history and current good practice in effective complaint handling cannot be taken for granted.

Therefore, part of the customer service improvement programme will include a review of how we handle complaints to ensure that the Authority has the best structure and systems in place to enable complaints to be dealt with effectively, sensitively and in a timely manner. The Authority already delivers a good level of service as set out in this annual report, but this review as part of the customer service improvement programme will identify where there might be any other improvements that could be made.

The underlying principles when dealing with complaints will tie into a new set of customer service standards, a "Customer Promise" that will be developed as part of the Customer Improvement Programme and will continue to include the following.

- To aim to respond to complainants in a proportionate manner, understanding the perspective of the person making the complaint and wherever possible resolve matters at an early stage.
- To continue to work alongside and support managers and other partner organisations to ensure that complaints are responded to concisely and in a timely manner.
- To continue to work within our policies, procedures and legislative guidelines throughout the complaints processes.
- To provide training to staff to ensure complaints are handled effectively and efficiently.
- To continue to focus on handling enquiries promptly to try to prevent unnecessary escalation and dissatisfaction.
- To continue to learn from our outcomes and make changes to improve our services.

By the very nature of this area of work, the complaints services will never satisfy all of the people all of the time. However, the survey of complainants indicates a good level of satisfaction with the service overall.

The Authority is committed to providing effective complaints services for the benefits of individual customers, the Authority and the community alike. Complaints are now widely recognised as integral to the provision of quality services at both individual and strategic levels and will continue to be so in the coming years.

Background

Statistics

This part of the report is broken down into the following sections:-

- 1) Overall number of complaints across the Authority
- 2) Social Services Complaints
- 3) Corporate Complaints
- 4) Local Government and Social Care Ombudsman
- 5) Informal Complaints and Enquiries

1. Overall number of complaints across the Authority

The volume of formal complaint related activity for the period April 2015 to March 2019 is summarised in Table 1.

Table 1 Summary	2016-17	2017-18	2018-19	2019-20
Social Service Complaints	115	126	97	102
Corporate Complaints	992	1070	973	967
Total	1107	1196	1070	1069
Local Government & Housing Ombudsman complaints received by NTC	32	38	56	50
Formal total	1139	1234	1126	1119
Pre-Complaint and general enquiries dealt with by the Customer & Member Liaison Office	599	685	1105	1107
Total complaint related activity	1738	1919	2231	2226

There has been a very similar number of complaints and general enquiries dealt with by the Customer and Member Liaison Office during 2019-2020. The Customer and Member Liaison Office continued to make sure that as many enquiries as possible are directed to the most appropriate service at the first point of contact. This ensured customers were given more responsive replies and reduced the inefficiencies inherent in redirection of enquiries within the Authority. All enquiries received by email into the Customer and Member Liaison Office were acknowledged by email, the majority on the same working day. The customer was also notified of who their enquiry had been sent to and that they should expect a

response direct. Enquirers by telephone or letter were also provided with a receipt setting out the same information.

2. Social Services Complaints

Social Service complaints dealt with under the relevant statutory processes are split into Children's and Adult Services, as shown in Table 2. In addition, there are complaints regarding Children's and Adult Services which were dealt with under the Corporate procedure (see Table 8).

Table 2 Social Services by Division	2016-17	2017-18	2018-19	2019-20
Children's Social Care	54	64	42	49
Adult Social Care	61	62	55	53
TOTAL	115	126	97	102

Overall, there has been minimal increase of complaints about Social Care Services during the last year.

Within Children Social Care, complaints have been categorised as shown in Table 3.

Children who are looked after, receive a complaints leaflet to use if they wish to raise any point about their care or circumstances generally. Acknowledging that making a complaint can be difficult, young people are encouraged to have the assistance of a mentor or advocate if they want to make a complaint. The units for children with a disability have specially trained advocates to help those who have communication difficulties.

In the child protection system users may feel they have little power to make a complaint and this is acknowledged. To capture issues of user concern, the review process and other meetings are forums in which matters that are a worry to the user can be tackled. In this way the user's view can be heard and services influenced. In addition to the numbers reported above there were 20 complaints about Children Services dealt with under the Corporate Complaints procedure.

Within Adult Social Care, categories are shown in Table 4.

Table 4 Adult Services Categories	2016-17	2017-18	2018-19	2019-20

In addition to the numbers reported above there were 21 complaints about Adult Services dealt with under the Corporate Complaints Procedure during 2019-20.

Tables 5 and 6 show the proportions of upheld complaints for Children's and Adults Services over the year.

Problem solving at the earliest opportunity is a key aim of effective complaint handling. This is not only of value to the complainant but also to the Authority in optimising use of resources and enhancing customer care.

Table 7 shows early resolution at Stage 1 of Children's complaints only. From April 2009 a one stage process was introduced for Adult Social Care complaints.

Policy complaints

Complaints about the policies of the Authority are recorded and responded to at Stage 1 but not considered further within the complaints process.

4. Local Government and Social Care Ombudsman and Housing Ombudsman

The next stage after the Authority's complaints procedures is consideration by the Local Government Social Care Ombudsman or Housing Ombudsman.

Table 11 groups the breakdown by the Authority's Service Areas as recorded by the Authority:

5. Informal complaints and enquiries

As has been indicated previously, the 'headline' figure of the number of formal complaints does not reflect the number of concerns or problems reported to the Authority, and satisfactorily dealt with by staff via social media, telephone and email contact and via the Members Enquiries System.

The Customer and Member Liaison Office also monitored the number of enquiries and informal complaints, or 'pre-complaint enquiries' dealt with by its staff during 2019-20, and these figures are shown in Table 13. This information has already been helpful on a number of occasions as early indicators of developing issues in some service areas.

Table 13 - Pre complaint & general enquiries processed by CMLO	2016-17	2017-18	2018-19	2019-20
Children, Young People & Learning	18	20	8	29
Adult Social Care	18	15	22	14
Cultural Services	17	23	27	26
North Tyneside Homes	84	91	110	264
Kier North Tyneside	29	23	57	0
Environmental Services	353	404	805	615
Customer Services, Revs & Bens	32	41	36	89

Finance & Resources	21	35	6	3
Other	7	13	15	44
TOTAL	599	685	1105	1107

It is noted that the pre-complaint/general enquiry numbers have remained very similar to that of last year.
