

North Tyneside Council

Reference: EIR-422

Request:

1. How many parking permit zones/areas do you have in your council area for 2023?
2. How many parking permit zones/areas did you have in your council area in 2013?
3. How much do your parking permits costs annually in 2023?
4. How much did you your parking permits costs annually in 2013?

Response:

As of 27/01/2023, there are 46 permit parking zones managed by the Council in operation within the borough.

Based on information contained in the Council's On-Street Permitted Parking Consolidation Order 2014, that came into operation on 17 February 2014, there were 35 permit parking zones managed by the Council in operation within the borough.

North Tyneside Council implemented annual charges for its parking permits in 2011. The only permit type that has increased in charge in the ensuing period is the Business Permit, increasing from £25 per annum to £250 per annum, although it has become more flexible as it is now valid in multiple permit zones. Details of the current charges for all the parking permits offered by North Tyneside Council are included in the Parking Control - Annual Operational Report 2021/22, which is published on the Council website at <https://my.northtyneside.gov.uk/category/1421/parking-strategy-policies-and-operational-reports>
