

North Tyneside Council

Reference: RFI 1709080

**Request:**

I am a resident of the Greenhills estate and also an allotment tenant in Camper down and I have noted with dismay the recent works on the subject bridle path which have destroyed the natural flora. Could you please advise me of the reason for these works on what was once a lovely walk down to my allotment or, if you are not the right person to ask then advise me of the name of the person I should contact

**Response:**

The bridleway has started to sink and required attention as it is also a national cycle route. The vegetation was cut back last Winter and we have now undertaken a 'full scrape' to level the area ready for a full dust construction of the bridleway. The area has been scraped to 4m wide to allow drainage channels to be installed, when this is completed the bridleway will remain 3m wide.

Should you have any further queries you can contact our Public Rights of Way Officer Graeme Clark on 0191 643 6086.
