Request:

I wish to request information via the FOI act, regarding the allotments of north tyneside and wondered if you are able to provide the following information which is structured so that it is easier to read and understand (I am dyslexic)

1: Could you list all allotment sites within north tyneside and include the following information: (2014-present info)

Profits from rents –

Response: The figures in the table below reflect the annual budgets (including Income from Rents) for providing an allotment service within North Tyneside:

Current vacant plots –

Current waiting list totals per allotment

See attachment (Council managed plots only). Only current data available, the individual site waiting list information is not held for previous years as it changes on a weekly basis.

2: Please list the allotment sites which have received the most funding in a 1-10 format over the years 2014 to present?

Information is not available to show how much expenditure (or funding) is incurred against each allotment site. See above response to Profits from Rents question for costs/funding.

3: Please list the amount of site visitors the council have completed in total to each allotment site over 2014 to the present day.

This information is not held as the Allotment Service aim to visit each allotment site every 2 months for inspection purposes in April, June, August and October. Re-inspections are carried out in May, July, September and November, on sites where letters have been sent to tenants following the initial inspection. Sites are also visited on an ad hoc basis for letting plots, health and safety issues, repairs etc.

4: From 2014-2017 Please list how many people have been evicted from sites and the allotment sites they have been evicted from?

See attachment (Council managed plots only).

5: Could you provide any prospect of new allotment sites which have been confirmed?

None.
