

Reference: RFI 1803009

Request:

Under the Freedom of Information Act 2000, I am requesting the following information:

How many homes for affordable rent (not including social rent), which have received all necessary approvals, and with financing in place, will be started in each of the next three years in the geographical area under your remit?

This includes those being built directly or by housing associations.

Response:

The Authority does not hold information on commencement dates for new build affordable housing. However the table below does provide the expected completions of all new affordable homes in North Tyneside. This information is published in the Council's Strategic Housing Land Availability Assessment (SHLAA) which includes an affordable housing trajectory (for all types of affordable housing).

Year	Expected total of new affordable homes
2018/19	247
2019/20	281
2020/21	262

The full SHLAA is available on line:
