

North Tyneside Council

Reference: RFI 1705084

Request:

I'd like to request the following information:

- The amount spent on the development of mobile applications by the Council during each of the last 3 years
- The number of mobile applications the Council has had developed during each of the last 3 years
- Who the Council used to develop apps during the last 3 years - internal / external. If external which organization(s)?

Response:

The Council does not develop specific mobile applications. However, it does provide a mobile-aware web service (which is HTML5 delivered for all web access, not just mobiles)

The Council's website my.northtyneside.gov.uk provides the access to such capability This is part of the general service outsourced to Engie and is not separately identified as mobile application delivery
