Reference: RFI 1707092

- a) Data is collected on the number of people who are d/Deaf or have hearing loss who contact the local authority
- b) Data is collected on the number of people who are d/Deaf or have hearing loss who receive an assessment
- c) Data is collected on the number of people who are d/Deaf or have hearing loss who receive care and support

Data is collected on the number of people who are d/Deaf or have hearing loss who contact the local authority

Data is collected on the number of people who are d/Deaf or have hearing loss who receive an assessment

Data is collected on the number of people who are d/Deaf or have hearing loss who receive care and support

***By local data, we mean specific data on people who are d/Deaf or have hearing loss, as opposed to general data on people with physical disabilities, sensory loss or other conditions.**

Q7. We are interested to learn more about the local authority's assessment process for community equipment or aids for the home or other forms of intermediate care, re-ablement or rehabilitation support, otherwise known as "prevention" services

How does the local authority assess needs of people who are d/Deaf or have hearing loss who may need to access these services? **Please provide details of the local authority's assessment criteria (if available).**

The Local Authority do not provide direct intermediate care services, these are commissioned by the CCG. We do provide re-ablement and rehabilitation support and this would be accessed through our Care Act assessment process.

Q8. We are interested to learn more about the local authorities' assessment process for people who are deaf or have hearing loss with multiple or complex care and support needs such as physical or learning disabilities, autism or other conditions, who may require a more intensive needs assessment.

How does the local authority assess people who are d/Deaf or have hearing loss with multiple or complex care and support needs? **Please select all the options that apply**

- a) A specialist social worker for people who are d/Deaf or have hearing loss is involved in social care assessments
- b) A qualified appropriate communication professional, such as a BSL interpreter, is provided for social care assessments, if the person needs one
- c) Knowledge and advice is sought from an internal or external expert, who may or may not be present at face-to-face assessments

The information supplied to you is owned by the council unless otherwise stated and may be protected by copyright. You are free to use it for your own purposes, including any non-commercial research or for the purposes of news reporting. Any other re-use of a commercial nature will require the permission of the Council. Further enquiries in this respect should be directed to Head of Law and Governance, North Tyneside Council, Quadrant The Silver Link North, Cobalt Business Park, North Tyneside, NE27 0BY

Reference: RFI 1707092

- d) Multiple assessments are carried out over a period of time and/or take account of the person's care and support history

To assess Service Users who are **Deaf** and learning disabled – we would use BSL interpreters.
If the person has **hearing loss and a learning disability** then we would consult our Speech and Language colleague within the Community Learning Disability Health Team to ascertain the most appropriate method of communication. Social Workers and Health colleagues are co-located

Q9. What forms of care and support does the local authority for people who is d/Deaf or has hearing loss who meet the eligibility criteria does the local authority provide or fund? **Please select the options that apply**

- a) Equipment provision
- b) Advice
- c) Support planning and on-going care management
- d) Information and advisory services (e.g. on information and advice benefits, Access to Work, or products and equipment that may benefit people who are d/Deaf or have hearing loss)
- e) Communication support
- f) Advocacy
- g) Other – please state

This would depend on assessment. It might be that assistive technology was appropriate or referral to occupational therapist

Q10. What forms of specialist* care and support for people who are d/Deaf with multiple or complex needs who do meet the eligibility criteria does the local authority provide or fund? **Please select the options that apply**

- a) Supported living
- b) Home care
- c) Residential care
- d) Community outreach services or day centres
- e) Respite care and support for carers
- f) Other – please state

We offer all of the services but they are not specific to the Deaf community.

***By specialist, we mean care and support provided for other conditions that recognises the importance of good communication for people who are d/Deaf or have hearing loss and takes account of the unique values and culture of the Deaf community.**

Reference: RFI 1707092

Q11. What kind of support do you offer to people who are d/Deaf or have hearing loss that do not meet the eligibility criteria? **Please select the options that apply**

- a) Signposting other charities or organisations that support people who are d/Deaf or have hearing loss
- b) Signposting to community support networks such as clubs for people who are d/Deaf or have hearing loss
- c) Signposting to hearing aid support services provided by charities or other organisations
- d) Signposting to lip-reading classes
- e) Other – please state

All of the above
