Request:

Good afternoon,

We are seeking information on your authority's use of Community Protection Notices between October 2014 and June 2017. We are particularly interested in how they may have been used to sanction young adults (aged 18-25), so breakdowns of data on who was given a CPN or sanctioned for non-compliance by their specific age would be ideal.

1. How many Community Protection Notice warnings have been issued by your authority in the time period specified?

Response - 57

2. How many resultant Community Protection Notices have been issued in the time period specified? Please state the subject of these CPNs and provide the text of any notices if available.

Response - 14

3 x Car Parking / Driving over grass

5 x Bins

3 x Gardens

3 x Waste

3. How many Fixed Penalty Notices, prosecutions, convictions, fines, remedial orders, forfeiture orders and warrants for seizure have been issued for breaches of Community Protection Notices in the time period specified?

Response 2 x Prosecutions (1 = £593 fine 1 = £555 fine)

4. Could you provide any demographic information about who was given CPN warnings, CPNs and resultant sanctions, particularly the specific ages of each person?

Response - we don't collect demographics

5. Could you confirm whether the data you provide only refers to measures and resultant sanctions that your authority issued? I.e. does your data include instances where the council issued a CPN but the police shared enforcement responsibility and so issued a sanction for breach? Or similarly, if you have a joint case management system, does your data include instances where the police have issued a CPN and also issued the sanction for breach? We are requesting the same information from police forces and don't want to double count cases.
