Please see attached some frequently asked questions to help you make best use of the Learning Pool platform

Contact Helen McMahon via email Helen.mcmahon@northynteside.gov.uk if you need any help or support to access online learning.

Frequently Asked Questions about Learning Pool

1. I've forgotten my password, what should I do?

If you have forgotten your password, click on the forgotten password link underneath the log in box. Fill in the required details and this will generate a new password which you will receive via email.

2. What is e-learning?

eLearning courses can be accessed from anywhere you have internet access.

The e-Learning courses are not intended to replace the existing classroom training you receive, they are intended to enhance the opportunities available to you. There may be times when you need to quickly refresh your memory about a topic or only have a couple of queries which do not require you to attend a full training session or there may be mandatory courses you are required to complete within a set time frame.

3. How should I go about choosing a course?

Usually you should discuss the courses that will most benefit your personal development. You may wish to browse through the courses on offer within the Member Development category, by browsing through the other eight categories or using the course search box on the home page. Some courses are designed as quick refreshers or as a point of reference.

4. Do I need to do any preparation before starting a course?

Before starting any course you should make sure you have a clear space in your diary and you will not be disturbed. You should also check the course length and ensure you have adequate time available.

To access the courses in learning pool, you will need to enable pop ups. If you have not already done this, go to the menu bar and click Tools. Scroll down to Pop-up Blocker and select Turn Pop-ups Off.

5. How do I access a course?

Once you have logged in, if you know the category of the course you require, click on the icon from the homepage. If not, click on Find Courses. Click on the course title of the course you require which will then take you to the specific Course content.

6. What if I want to stop working through a course and return to it later?

The benefit of learning pool is that you can revisit a course as many times as you like in order to complete it. However, we recommend most courses should be completed in two sessions.

To exit a course at any time, click on Menu, located in the bottom left corner of every page, which will take you back to the course contents. Click on Exit, to leave the course and return to the Course Homepage. Your course and completed sections will be saved in your profile and will be available the next time you log in.

7. How do I know if I have completed a section of a course?

As you work through the different sections of the course you will be able to see from the Menu page the sections you have completed, the sections half-completed and those still to do.

8. How can I find out if I have any incomplete courses?

The My Course Progress box is available on the right hand side once you have logged in. By clicking on My Progress, you will see a list of courses you have started and completed.

9. Will anyone else see any quizzes or tests that I have completed?

No. Where there is a requirement for you to complete a quiz or test, this cannot be accessed by others. However, a management report may be produced at a later date to identify results.

10. What happens if I fail a course?

Should you not achieve the required score for a test or quiz, you will be asked to repeat it automatically.

11. Can I print a course out?

We recommend that you don't print out courses, as this can only be done on a page by page basis. All courses are available to return to at any time by just logging in with your learning pool username and password.

12. I completed a course a while ago. Can I return to it?

The benefit of Learning Pool is that courses are available at all times. That means, even if you completed a course months ago, you can still refer back to it. This can be done either by clicking on the My Progress link in the My Course Progress section, or by searching for the course in Find Courses.

13. Can I access Learning Pool from home?

Yes, learning pool can be accessed from home.
