### 4. Executive summary (taken from written report)

On 21 November 2023 the Director of Regeneration and Economic Development authorised:

- (1) that notices for the proposal should be prepared and advertised in line with relevant statutory requirements;
- (2) that in the event that no objections are received following the period of consultation required by statute, that the circumstances do not warrant the holding of a Public Inquiry; and
- (3) that if no objections are received following the period of consultation required by statute, the proposed amendments to the Council of the Borough of North Tyneside (On Street Parking Places)(Consolidation) Order 2022 shall be made.

The notices were prepared and advertised in accordance with the statutory requirements and one objection was received during the statutory advertising period in relation to the proposal to allow additional residents of Cromwell Terrace to apply for permits to park within the NS2 permit parking zone. As no objections were received to the remaining proposals set out in section 1.5.2 of the Delegated Decision Report of 21 November 2023, the circumstances for those proposals do not warrant the holding of a Public Inquiry and the associated

proposed amendments to the Council of the Borough of North Tyneside (On Street Parking Places)(Consolidation) Order 2022 shall be made.
