6	<p>Professional Standards Chief Inspector Pitt and Julie Warren presented a report on Professional Standards within the Northumbria Police Force area. Julie explained the purpose of the awareness raising</p>	

	<p>campaign is to inform of the standards of professional behaviour which police officers and staff must adhere to, and of the potential for officers and staff to abuse their position of trust. A discussion was held on the massive impact that inappropriate boundaries can have when dealing with a vulnerable person. The way in which information can be shared that details and the signs and indicators which could suggest officers may be breaching those standards was discussed. The ways in which concerns can be reported were explained.</p>	
<p>7</p>	<p>Herbert Protocol</p> <p>Cst Andrew Whittle and Sgt Claire Kimberly gave a presentation on the topic of the Herbert Protocol. Cst Whittle explained the missing person procedure and emphasised the ‘golden hour’ being that first hour when a person is missing and how it is critical to a good resolve. Cst Whittle outlined the background to the protocol.</p> <p>The Herbert protocol is a form which can be completed by friends/family/legal guardians before the vulnerable person goes missing. Information is held by family/carers and can be continually updated. If the vulnerable person goes missing, the information can be given direct to the police and thus save valuable time in the search for the missing person. The protocol will commence on 22nd July. The Board were asked to actively promote the protocol. Paula thanked Cst Whittle and Claire for the presentation. Paula expressed the Board’s full approval and endorsement.</p> <p>ACTION: Paula asked that the Herbert protocol be included on the next Business Group agenda.</p>	<p>KR/KW</p>
<p>8</p>	<p>NCC Commissioning</p> <p>Alan Currie introduced himself and presented a report on NCC Commissioning. Alan clarified the role of service quality in Social Care and emphasised the responsibility under the Care Act to have a strong market of providers and a responsibility to manage services. Alan identified a move towards use of CQC ratings as a measure of quality. Overall, Alan explored the upward trend of ‘outstanding’ ratings. There is a marked decrease in services that require improvement. Alan confirmed the close working being carried out to increase quality to keep in line with national percentages. Alan also highlighted to confirm to the Board that national picture also shows improvement in the percentage of services rated as outstanding/good.</p>	
<p>9</p>	<p>Chair and Sub group Reports All Agency Performance Data</p> <p>Bev Harris gave an update on all agency performance data. Joanne reported no real issues being identified. The apparent increase and decrease in referrals has been identified as directly in relation to campaigns. Bev highlighted key areas as listed in the report.</p> <p>Paula asked for an update on what progress had been made in terms of introducing Multi Agency audits. A Multi Agency audit plan is being developed through the Childrens Board and the intelligence is being shared. All partners will be contacted to ask for representatives. Paula noted the need for assurance that agencies are ‘making</p>	

	<p>safeguarding personal'. Paula recommended that starts with one multiagency audit, test this and see how things transpire.</p> <p>SE Sub groups</p> <p>Paula discussed the visit of the inspectors to Northumberland. Paula made mention of the new strategy document and delivery plan developed by the Board. Paula noted the inspectors focus has been on criminal exploitation and this is backed up by national focus.</p> <p>1) NCC</p> <p>The updated strategy has been circulated to the Board with a view to publication. Karen also circulated the updated delivery plan for information. Karen noted expressions of interest had been issued this week for SE and CE Champions across adults and children's services and that there is current development of an offer and programme.</p> <p>2) NTC</p> <p>Ellie Anderson emphasised the 'meaty' pieces of work carried out over the last 18 months. Multi-agency audits have been carried out under JTAI criteria across children and adults, multi-agency audits on cases and also benchmarking against recommendations made from the SCR at Newcastle. The group also explored modern day slavery and have developed a policy and procedural document to support his work. There was also a county lines operation which was managed well through some existing forums. It was suggested therefore that the SE sub group be disbanded. The discussion was held at the business group and North Tyneside Childrens Safeguarding Board. Both supported this decision. The Board endorsed the decision to disband the NT SE subgroup.</p> <p>Safeguarding Adults Review Committee</p> <p>Vida Morris presented the SARC report to update the Board on the recent work of the Safeguarding Adults Review Committee. The committee met on the 18th Jan, 3rd April and 23rd May 2019 to consider the case of Adult U presented to the Board today. Vida gave an over view of the report which highlights the nature of cases, debates and actions being taken forward. Vida noted the committee is very busy with a number of cases being considered, and it is apparent that many more Section 44 consideration forms are coming to the committee.</p>	
<p>10</p>	<p>Annual Report and request for Contributions and case studies</p> <p>Paula discussed the annual joint report, which was produced for the first time last year. It was suggested that the report contain images and case studies. Paula informed the Board that a request from elected members has resulted in a liaison with the LD partnership to produce an 'easy to read' version.</p>	
<p>11</p>	<p>Partner Agenda Items – call for contributions</p> <p>Paula specifically requested the contribution of partner agenda items. It was agreed that the presentations from today's meeting were interesting, informative and indicative of good partnership working.
