

## **Guidance in relation to Disability Related Expenditure - Appendix A**

### **Disability Related Expenditures DRE 2024/2025**

Adults in receipt of care in all settings, with the exception of care in a Care Home, and who are in receipt of a disability benefit such as Attendance Allowance (AA), Disability Living Allowance (DLA), or Personal Independence Payment (PIP) will be asked about additional costs incurred as a direct result of their disability.

Only costs incurred by the adult receiving care and support will be considered as part of the assessments as allowable expenditure.

The Council has the right not to allow costs that should be met by other agencies, such as the NHS. This applies to therapies such as physiotherapy, chiropody and incontinence pads.

#### **Standard DRE**

North Tyneside Council recognises that an individual may incur additional expenditure as a result of a disability and therefore offers a standard Disability Related Expenditure disregard of £10 per week. However, if an individual considers that their expenditure is higher than this, then the Disability Related Expenditure can be considered on an individual basis.

#### **Individual DRE**

The following tables provide guidance of examples of additional costs which an individual may face as a result of disability. These additional costs may be taken into account in the Disability Related Expenditure (DRE).

*This list is neither exhaustive nor exclusive* and the Council recognises that each individual's circumstances may vary. The Council will consider other additional costs that may be incurred, as a result of disability, on the production of evidence or receipts to substantiate these amounts.

<b>Item</b>	<b>Amount</b>	<b>Notes</b>
Wheelchair - manual	£4.94	Considered if not provided free of charge
Wheelchair - powered	£12.00	As above
Powered Bed	£5.46	Actual cost divided by 500 (10 year life) up to a maximum allowance of £5.46
