4. Executive summary (To be taken from written report)

On 22 February 2023 the Director of Regeneration and Economic Development authorised

- (1) that notices for the proposal should be prepared and advertised in line with relevant statutory requirements; and
- (2) that, in the event that no objections were received following the period of consultation, that the circumstances do not warrant the holding of a local inquiry; and
- (3) that if no objections were received following the period of consultation required by statute, the Traffic Regulation Order shall be made.

The notices were prepared and advertised in accordance with the statutory requirements. 7 objections were received in relation to the time-limited restriction aspect of the proposals. Following engagement with the objectors, the proposal was amended to remove the time-limited parking restriction within the proposal and retain only the 'no waiting at any time' parking restrictions. Following this amendment, the objections received during the statutory advertising were rescinded.

Therefore, the circumstances do not warrant the holding of a Public Inquiry and the Traffic Regulation Order (TRO) should be made for the introduction of 'no waiting at any time' parking restrictions on Albany Avenue, Forest Hall in accordance with section 1.5.2 and Appendix 1 of the Delegated Decision Report of the 22 February 2023.
