

Issue 14

A1056 Killingworth Way Improvement Scheme

March 2020

Improvements have been made to the A1056 Killingworth Way in support of Avant Homes' new housing development, Cygnet Park.

Delivered by North Tyneside Council's strategic partner Capita, the works – which got under way in August 2019 – have been completed on time.

During the past few weeks, the team has surfaced the A1056 Killingworth Way (pictured below), including the development's new access road, and installed pedestrian guardrails on the refuge islands.

On the southern side of the road, the team has completed the bus lay-by as well as installed the lighting columns and infrastructure for the new traffic signals. However, the lights will not be in operation until adjustments are made to Weetslade roundabout later this year.

We will return when the weather is warmer to complete the landscaping/seeding of the verges near the new access road.

We plan to make this e-bulletin the last issue in our regular series of updates. We hope you found them informative.

If you have any queries, please email: roads@northtyneside.gov.uk or Tel: 0191 643 6500.

We thank you for your patience and cooperation during the delivery of this project.
