

North Tyneside Unclassified Roads – Published March 2017

- The list has been prepared using the available information from records compiled by the North Tyneside Council and is correct to the best of our knowledge. It does not, however, constitute a definitive statement as to the status of any particular highway.
- This is not a comprehensive list of the entire highway network in North Tyneside although the majority of streets are included for information purposes.
- The extent of the highway maintainable at public expense is not available on the list and can only be determined through the search process.
- The List of Streets is a live record and is constantly being amended and updated. We update and republish it every three months.
- The list does not contain Recorded Public Rights of Way, nor does it contain streets that are privately maintained.
- The list is property of North Tyneside Council and is only available to the public for viewing purposes and must not be copied or distributed.
