

Annex A: Our North Tyneside 2020 - 2024

The proposed refresh of the Our North Tyneside Plan 2020 - 2024 (Council Plan) will set out the overall vision and policy context within which the Financial Plan and Budget proposals will operate.

Since 2015 North Tyneside has worked to a clear set of priorities through the Our North Tyneside Plan. These priorities have been regularly reviewed and updated to ensure that they continue to reflect the needs and ambitions of the borough.

The vision and policy context continue to reflect the priorities of the Elected Mayor and Cabinet. The plan has been updated to reflect two key policy developments; the Council's declaration of a Climate Emergency and the creation of the North of Tyne Combined Authority.

The plan continues to be structured in three key themes – Our People, Our Places and Our Economy.

Our People will:

- Be listened to so that their experience helps the Council work better for residents.
- Be ready for school – giving our children and their families the best start in life.
- Be ready for work and life – with the right skills and abilities to achieve their full potential, economic independence and meet business needs.
- Be healthy and well – with the information, skills and opportunities to maintain and improve their health, well-being and independence, especially if they are carers.
- Be cared for, protected and supported if they become vulnerable including if they become homeless.
- Be encouraged and enabled to, when ever possible, be more independent, to volunteer and to do more for themselves and their local communities.

Our Places will:

- Be great places to live by focusing on what is important to local people, such as by tackling the derelict properties that are blighting some of our neighbourhoods.
- Offer a good choice of quality housing appropriate to need, including affordable homes that will be available to buy or rent.
- Benefit from the completion of the North Tyneside Living project and by North Tyneside Council's housing stock being decent, well managed and its potential use maximised.
- Recognise the climate emergency by further reducing the Borough's overall carbon footprint. This will include reducing the Council's carbon footprint, along with encouraging and enabling everyone to reduce their carbon footprint.
- Provide a clean, green, healthy, attractive and safe environment.
- Have an effective transport and physical infrastructure - including our roads,

pavements, street lighting, drainage and public transport.

- Continue to be regenerated in Wallsend and Whitley Bay, through effective public, private and community partnerships, while ambitious plans will be developed for North Shields, Forest Hall and Killingworth.
- Be a thriving place of choice for visitors through the promotion of our award winning parks, beaches, festivals and seasonal activities.

Our Economy will:

- Benefit, along with our people and places, from our ambitious vision in the North of Tyne Combined Authority.
- Benefit from the delivery of our ambitious vision, which we created with partners in the North of Tyne Combined Authority. We will have a dynamic and more inclusive economy, which will ensure that all residents have a stake in our region's future
- Grow by supporting new businesses and building on our strengths, including our existing world class companies, and small and growing enterprises.
- Be business friendly, ensuring the right skills and conditions are in place to support investment, and create and sustain new high quality jobs and apprenticeships for working age people.
- Continue to support investment in our business parks, units and Town Centres.
