### Please read before completing

This form must be completed in full and submitted by email along with all required supporting information. The associated fee can be paid following approval of your application by BACS transfer using the details in part D.

1. Please complete the whole of the application form and provide the additional documentation as indicated; failure to do so will mean that your application can not be accepted.
2. If you have any queries filling out the application form, please email [liquor.licensing@northtyneside.gov.uk](mailto:liquor.licensing@northtyneside.gov.uk)
3. The form must be submitted by email to [liquor.licensing@northtyneside.gov.uk](mailto:liquor.licensing@northtyneside.gov.uk)
4. The application will be subject to a public consultation period of 14 days starting on the day after a valid application is made. Once the application has been processed by the Authority, it will also be advertised on the Authority's website.
5. You must, on the same day the application is made, fix a notice of the application to the premises so that it is readily visible to members of the public who are not on the premises. You should be able to provide evidence that you have done this. The notice must remain in place until the end of the consultation period. A template notice is available on the Authority's website.
6. It is recommended that you talk to neighbouring businesses and occupiers prior to applying to the Authority so that you can take potential noise and nuisance issues into account in your proposal.
7. The determination period is 14 days beginning with the first working day after the end of the public consultation period.
8. A pavement licence will be granted subject to conditions. These may reflect those set out in the Business and Planning Act 2020, those published by the relevant Secretary of State, and local conditions set by the Authority.

9. If granted the licence will be for a maximum duration up to two years.
10. The grant of a pavement licence only permits the placing of furniture on the highway; other regulatory frameworks still apply such as the need for alcohol licences and the need for food business registration.
11. If an applicant breaches any condition of the licence, then the Authority may revoke the licence or serve on the licensee a notice requiring the taking of such steps to remedy the breach as specified in the notice within the time specified. If the breach is not remedied, then the Authority may revoke the licence or take the steps itself and recover the costs of doing so from the licensee. The licence may also be revoked if all or any part of the area of the highway to which the licence relates has become unsuitable for any purpose for which the licence was granted or as a result of the licence there is a risk to public health or safety; anti-social behaviour or public nuisance is being caused or risks being caused; the highway is being obstructed (other than by anything done by the licensee pursuant to the licence); anything material stated by the licensee in their application for a licence was false or misleading or the licensee failed to properly fix a notice of the application to the premises so that it could be easily read and ensure that such notice remained in place until the end of the 14 day consultation period.

Please indicate any other equipment you intend to use e.g., counters, stalls, tables, chairs, benches umbrellas, barriers heaters and any other articles in connection with the outdoor consumption of food or drink.

Barriers will be placed around the entire area as per the visuals

Where will the pavement licence furniture and other items will be stored outside the operating period?

They will be left out, however there will be strict procedures in place so that nobody uses the area outside of these times including the stacking of tables/chairs and roping off the area.

How will the furniture and other items be configured in the pavement licence area (please include a plan)

Please see attached

Please indicate on the plan where tables and chairs etc come within the proximity of premises, adjacent building, lighting columns or trees.

Please see attached

How will the boundary of the pavement licensed area be defined?

Barriers will be placed around the entire area as per the visuals

Please provide details of the fencing or barriers, if any, to be used as a boundary.

Please describe how you intend to mitigate any noise or disturbance from customers using the proposed pavement licensed area to the occupiers of nearby commercial and domestic properties.

Mitigating against any noise is of the utmost importance to us, and we have a number of measurers we are taking to ensure this is not a problem or concern for our neighbours. Firstly, the area has been designed so that each table only has 2 chairs at it, meaning there will be no large groups outside at any point. Also, with the barriers there is no standing place at all. There will be signs up saying that if you are outside, you must be seated, and advising all customers that noise must be kept to a minimum and if this is not respected, they will be asked to leave. We also only want the licence until 9pm to ensure there is no noise whatsoever after

this time.

We have also engaged with our neighbours to outline the plans and to ask them to contact us should they have any concerns whatsoever.

## Indemnity

North Tyneside Council shall be indemnified against any claim, actions, proceedings or loss or damage arising as a result of any licence or permit which may be granted in respect of this application.

## Additional Information

Since the nice weather has begun we have seen a huge drop off in sales on weekend days when it is sunny. Therefore we believe it is essential for the continuation of the business that we have additional seating outside for customers to eat and drink. We also believe the aesthetic of the additional barriers and canopies will enhance the look of the building and the area.

## DECLARATION

I certify that:

- 1) All information set out in this form is correct.
- 2) I understand that the Authority's published conditions and any other conditions considered to be reasonable by the Authority may be attached to my licence.
- 3) I understand that the Authority has the right to revoke or suspend the licence and that no compensation will be payable.
- 4) I understand that payment for the licence must be made before the licence will be issued.
- 5) I understand that the licence will be valid for a maximum of two years or shorter periods if appropriate.
