# North Tyneside Council Report to the Director of Regeneration and Economic Development

Date: 24 January 2023

Title: Traffic Regulation Order – Waiting Restrictions, vicinity of Backworth Park Primary School, Backworth

Report by: Nick Saunders, Senior Traffic Engineer

Report to: John Sparkes, Director of

**Regeneration and Economic** 

Development

Wards affected: Valley

# PART 1

# 1.1 Executive Summary:

This report seeks a delegated decision to advertise and, in the event that no objections are received, make a Traffic Regulation Order (TRO) for the introduction of 'no waiting at any time' and 'no stopping' (Monday to Friday between 8:15 – 9:15am and 2:30 – 4:30pm) restrictions on sections of Hotspur North, Field Court, Parkside View, Willow Grove, Dene View and Burn Walk in the vicinity of Backworth Park Primary School.

# 1.2 Recommendation(s):

It is recommended that the Director of Regeneration and Economic Development makes the following delegated decision:

- (1) that notices for the proposal should be prepared and advertised in line with relevant statutory requirements;
- (2) that in the event that no objections are received following the period of consultation required by statute, that the circumstances do not warrant the holding of a Public Inquiry; and
- (3) that if no objections are received following the period of consultation required by statute, the Traffic Regulation Order shall be made.

### 1.3 Forward Plan:

Seeking delegated decisions to advertise and, in the event that no objections are received, to make Traffic Regulation Orders is a standing item on the Forward Plan.

#### 1.4 Council Plan and Policy Framework

The proposals in this report relate to the following priority in Our North Tyneside, the Council Plan 2021 to 2025:

- A green North Tyneside
  - We will publish an action plan of the steps we will take and the national investment we will seek to make North Tyneside carbon net-zero by 2030
- A secure North Tyneside
  - We will continue to invest £2m per year in fixing our roads and pavements.

# 1.5 Information:

# 1.5.1 Background

The proposal to introduce parking restrictions in Hotspur North and some adjoining streets was developed to address concerns amongst some residents regarding obstructive and indiscriminate non-residential parking in this area primarily associated with travel to Backworth Park Primary School.

The streets concerned form part of a recent development and remain unadopted. The Authority has worked with the school seeking to encourage more sustainable trips to school and has undertaken parking assessments in accordance with Annex 6 of the North Tyneside Parking Strategy. These assessments were undertaken between 2020 and 2022 and identified that obstructive parking was taking place primarily at school start and end times, creating a potential road safety issue.

The proposal associated with this report aims to prevent obstructive parking taking place particularly at the start and end of the school day thereby facilitating walking, cycling and wheeling as well as creating a safer environment for all road users.

Whilst the streets concerned remain unadopted, the landowner has given permission for the installation and enforcement of parking restrictions prior to completion of the adoption process.

## 1.5.2 Proposal in relation to waiting restrictions

It is proposed to implement 'no waiting at any time' restrictions (double yellow lines) on a number of sections of Hotspur North, Field Court, Parkside View, Willow Grove, Dene View and Burn Walk as set out on the plan at Appendix 1. This proposal also includes the introduction of 'no stopping' restrictions (school keep clear markings) which would apply Monday to Friday between 8:15 and 9:15am and 2:30 and 4:30pm at the locations shown on the plan.

It is anticipated that the proposed introduction of waiting restrictions will improve visibility and access at the junctions and turning heads in question, thereby improving safety for all road users. It is anticipated that the proposal will facilitate safer sustainable trips to and from Backworth Park Primary School.

#### 1.5.3 Consultation

Ward members were updated on the proposal by email between August and October 2022.

Engagement on the scheme was carried out in October 2022, via an informal postal consultation with residents affected by the proposed restrictions. Feedback from this engagement exercise informed the final proposal.

# 1.5.4 Proposed next steps

Proposals that restrict traffic movements are subject to statutory legal process as described in section 2.2: this includes the local authority giving public notice of the proposals and taking such other steps as it may consider appropriate for ensuring adequate publicity. In North Tyneside, this includes notices advertising proposals being displayed on affected streets and on the Authority's website. This enables members of the public or businesses to object to the proposal. Any objectors are sent a response and invited to reconsider their objection. Any objections not withdrawn are referred to the Cabinet Member for Environment for consideration in accordance with the Scheme of Delegation for Cabinet Members.

# 1.6 Decision options:

The following decision options are available for consideration by the Director of Regeneration and Economic Development:

## Option 1

To approve the recommendations as set out in paragraph 1.2 above.

## Option 2

Not to approve the recommendations as set out in paragraph 1.2 above.

Option 1 is the recommended option.

#### 1.7 Reasons for recommended option:

Option 1 is recommended for the following reasons:

The proposal will discourage indiscriminate and obstructive parking thereby improving road safety for all road users. It will also facilitate more sustainable trips to Backworth Park Primary School.

# 1.8 Appendices:

Appendix 1 Plan of scheme (attached)

Appendix 2 Equality Impact Assessment – Backworth Park Primary School Waiting Restrictions (attached)

# 1.9 Contact officers:

Nick Saunders, Senior Traffic Engineer, Capita, 0191 643 6598

# 1.10 Background information:

- (1) North Tyneside Transport Strategy
- (2) North Tyneside Parking Strategy
- (3) Road Traffic Regulation Act 1984
- (4) Local Authorities' Traffic Orders Regulations 1996

#### PART 2 - COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

#### 2.1 Finance and other resources

Funding to advertise and implement the proposal is to be provided by the landowner as the streets concerned remain unadopted.

# 2.2 Legal

Proposals that involve revocations or amendments to existing traffic regulation orders and any new such orders are subject to statutory legal process set out in the Road Traffic Regulation Act 1984 and the Regulations that flow from that Act, namely, the Local Authorities' Traffic Orders (Procedure)(England and Wales) Regulations 1996. All schemes are formally advertised and include a 21-day period for objections. Before making a Traffic Regulation Order the Authority must consider all objections made and not withdrawn, and can decide whether to make the Order unchanged, to make the Order with modifications or not to proceed with the Order.

The order making Authority is required to publish at least one notice detailing the proposal in a local newspaper in addition to taking such other steps as it deems appropriate for ensuring adequate publicity is provided. Authorities are also required to make documents relating to the proposal available for public inspection. In North Tyneside, in addition to being advertised in a local newspaper, notices advertising the proposal are displayed on the Authority's website and on roads affected by the order. Documents relating to the proposal are also available for public inspection at the Authority's offices at Quadrant. Objections to the proposal may be made within a period of 21 days starting from the date the notice was published.

In accordance with the Authority's scheme of Delegation to Cabinet Members, if any objections cannot be resolved, then the Cabinet Member for Environment is asked to consider those objections made and not withdrawn and to determine the Traffic Regulation Order.

Within 14 days of the making of the Traffic Regulation Order, the order making authority must notify any objectors, publish a notice of making in a local newspaper and take such other steps as it deems appropriate for ensuring adequate publicity is given to the making of the order. In North Tyneside, in addition to being advertised in a local newspaper, notices of making are displayed on the Authority's website and on roads

affected by the order. Documents relating to the order are also available for public inspection at the Authority's offices at Quadrant.

# 2.3 Consultation/community engagement

#### 2.3.1 Internal consultation

Internal consultation has involved the Cabinet Member for Environment. Ward members' views on the proposal were sought as described in section 1.5.3.

## 2.3.2 Community engagement

Views on the proposal were sought as described in section 1.5.3. The proposal is to be advertised in line with statutory process as set out in section 1.5.4.

# 2.4 Human rights

The proposals within this report do not have direct implications in respect of the Human Rights Act 1998.

# 2.5 Equalities and diversity

An Equality Impact Assessment for the parking restrictions at Backworth Park Primary School has been undertaken and is attached as Appendix 2 to this report. This identifies positive potential impacts: these relate to improved accessibility for people who currently experience difficultly negotiating footways and crossing the road. Actions are specified to reduce the potential negative impact relating to access arrangements during construction work.

#### 2.6 Risk management

There are no risk management implications arising directly from this report. Strategic and operational risks associated with transport matters are assessed via the established corporate process.

#### 2.7 Crime and disorder

There are no crime and disorder implications directly arising from this report.

# 2.8 Environment and sustainability

There are potential positive implications in that the proposals support the use of more sustainable modes of transport in preference to car use. The proposals therefore support the target within the Carbon Net-Zero 2030 Action Plan to reduce car-based school trips.
